PLAY TEST AREA

You can try our hitting wall for both squash and tennis rackets at our Northwood store.

RE-STRINGING SERVICE

We have hundreds of strings in stock, including Babolat, Prince, Luxilon Big Banger, Technifibre, Ashway, plus our own brand Strings.

RACKET TRIALS

You can demo any racket from either store. The full purchase price is charged as a deposit for demos. Customers are responsible for frame breakages during the trial period, unless due to a manufactures fault. It is the customer responsibility to return the racket safely using a safe method.

HOW TO CHOOSE A TENNIS RACKET

Each of the manufactures has a different method of categorising rackets. We have simplified the whole process for you. We have given each racket a power level based on:

1. The speed of the ball off the racket- we have tested all the rackets.
2. The head size- the bigger the racket head the more powerful the racket.
3. Thickness of beam- the thicker the beam, the more powerful the racket
4. Weight of racket- Light rackets (225g to 280) is generally more powerful. Medium rackets are generally (280g to 300g). Heavy rackets are generally (300g to 340g) these are control rackets.

So which type of racket should you go for?

1	2	3	4	5	6	7	8	9	10
CONTROL RACKET			MID CONTROL/POWER				POWER RACKET		
<p>Plenty of control and feed back from the racket. Would suit: Advanced players playing club team or tournament tennis Players with longer or full strokes. Players who have problems controlling the ball. Good adult sized juniors.</p>			<p>Nice mixture of power and control. Would Suit: Club or recreational players who hit the ball reasonably well. Advanced players who need more power. Adult sized junior.</p>				<p>Very user friendly. Easy to serve with, volley with. Very easy on your body. Would suit: Recreational players who have a short back swing.</p>		

Each Racket will have the following symbols to help you:

- W** - Unstrung weight in grams
- H** - Head size in square inches.
- B** - Beam width in millimetres
- P** - Tennis nuts power level

nCore Technology

- Nanoparticles in the inner core make it more difficult for air to escape
- Increased durability and consistency
- Maintains pressure longer
- Balanced core for more consistent bounce

New Wilson Australian Open Ball

- Thicker felt makes ball play more stable and solid

AquaShield Felt - Davis Cup

- Before felt is even woven, fibers are treated in a chemical bath to become water resistant.
- Supreme play felt enhanced with AquaShield for moisture resistance

MICRO X

The Micro X performs like a tournament ball and is for advanced players.

The Micro X is powered by 700 million air-filled micro cells.

The rubber core, made of titanium and polybutadiene, has a softer feel than permanent pressure balls, enhancing spin. Surfaced with our exclusive Flex-Felt™, which is specially designed from wool and polyester fibers, the Micro X offers unsurpassed feel, playability and wear-resistance.

OFFICIAL SUPPLIER OF

tenniscoachUK

Bollé's COMPETIVISION® lenses act like a filter to mute the colour spectrum except optic yellow, making the ball pop out of the background. The frames include rubber nose pads and temple tips to provide ultimate comfort and security during active use. Bollé's competivision lens is so effective, they are the official supplier of sunglasses to Tennis Coach UK. Interchangeable lenses are offered on Swiftkicks and Warrant.

Warrant with interchangeable
Competivision & Polarised
Smoke lenses

SRP: £127.99

With their razor sharp design, Bollé Edge (M/L fit) & Microedge (S/M fit) sunglasses launch fashion into the future. Featuring a lightweight and frameless design with sleek lines and a comfortable, ergonomic fit.

These advanced TENNIS sunglasses (featuring COMPETIVISION lenses) will leave your friends decades behind you! Futuristic Wrap around styling rubber Grips & Ergonomic Nose Rest.

The heart of EXO3 technology is a patented, revolutionary engineering feat called the Energy Bridge™ which suspends the string bed, expands the sweet spot and delivers a myriad of playing benefits.

In fact, 77% of the strings never come into contact with the frame allowing the strings to move more freely, unlike traditionally constructed racquets which restrict them. EXO3 delivers up to 26% more energy back into the ball

Sweetspot Up to an 83% larger sweet spot. Spin Up to a 26% increase in spin
Comfort Up to 50% reduction in frame vibration
Control Up to 25% more control

TENNIS

The Resolution is now a firm favourite for tennis players and this season is available in two striking new colours. This shoe remains incredibly light and comfortable, straight from the box. It offers unsurpassed cushioning and shock absorption with GEL in the heel and forefoot. Excellent support and durability are provided throughout. The new Gel Resolution 2 performs at an exceptionally high standard on all surfaces.

CENTRING 3800T - TABLETOP ELECTRONIC MACHINE **£599.00** **COMPLETE WITH TOOLS FREE DELIVERY TO U.K. MAINLAND.**

Specifications: • Six-point, suspension mounting system • True constant pull tensioning system

• All-metal diamond-coated, Linear ball bearing, rotational string gripper • 11-90 pound (4.5-40.9 kilograms) tension range • 360 degree swivel turntable • Two slim diamond-coated, heavy-duty dual-action thumb-adjustable stainless steel swivel clamp (fixed clamps): 2 PN-1012 tennis clamps • Handle any diagonal stringing (fan patterned frames)

Features:

- Digital electronic control panel with keypad and LCD digital display
- 1. Microprocessor controlled, electronic pulling and monitoring system provides the precise tension control and also displays the actual pulling tension.
- 2. Multiple speed settings for fast and slow pulls
- 3. Pre-stretch option provides 5% or 10% pre-stretch over the set tension.
- 4. Knot over-tensioning option increases the current tension by 10%. This design is to reduce the amount of tension lost when tying off.
- 5. Two programmable tension memory bank
- 6. Self-test diagnostic feature
- 7. Unique power selection switch for the desired voltage 100/110V or 220/240V.
- 8. Power input with fuse protection • Six-point, suspension mounting system provides 10-point maximum supports and eliminates any racquet distortion.
- Micro-adjustable head and throat mounting posts, very easy to adjust. • 4 individually adjustable shoulder-support arms (heavy-duty) • Padded K-shaped side supports • Padded head and throat mounting posts secure any frame (including deep V-shaped throats), no cosmetic damage to any frame. • Linear ball bearing string gripper: there is no string pull or muscle to use. Also no crimp or damage to any string. Easy fingertip to activate the tension pull. See operating procedures. • Dual-action swivel clamps can move in any direction up and down; and can handle all types of racquets without extra accessories. • 2 slim diamond-coated, thumb-adjustable stainless steel swivel clamps (PN-1012). Stringing has never been as easy and efficient as it is now with the Eagnas thumb-adjustable clamp. • All-metal spring-assisted swivel clamp base: much easier to use and no muscle needed. Just need one-eighth turn to lock and release the base. See operating procedures. • 360 degree racquet rotation • Convenient tool storage

area • Machine base with level-adjustable pads • Height adjustable, easy to adjust and string in a more relaxed posture • Tools: 1 6mm Allen wrench, 1 5mm Allen wrench, 1 3mm Allen wrench • Free stringing tools: 1 DP-507 diagonal cutter, 1 NP-500 needle nose pliers, 1 BS-809 tennis awl, and 1 PN-3092 string mover • User's manual • Free illustrated stringing tutorial guide: show you how to string racquets step by step • String all racquets: tennis, oversized tennis, widebodies, longbodies, fan patterned, squash, racquetball, and badminton. • Easy to convert to table-top stringing machine; just need to remove the stand.
