PLAY TEST AREA

You can try our hitting wall for both squash and tennis rackets at our Northwood store.

RE-STRINGING SERVICE

We have hundreds of strings in stock, including Babolat, Prince, Luxilon Big Banger, Tecnifibre, Ashway, plus our own brand Strings.

RACKET TRIALS

You can demo any racket from either store. The full purchase price is charged as a deposit for demos. Customers are responsible for frame breakages during the trial period, unless due to a manufactures fault. It is the customer responsibility to return the racket safely using a safe method.

HOW TO CHOOSE A TENNIS RACKET

Each of the manufactures has a different method of categorising rackets. We have simplified the whole process for you. We have given each racket a power level based on: 1. The speed of the ball off the racket- we have tested all the rackets. 2. The head size- the bigger the racket head the more powerful the racket. 3. Thickness of beam- the thicker the beam, the more powerful the racket 4. Weight of racket- Light rackets (225g to 280) is generally more powerful. Medium rackets are generally (280g to 300g). Heavy rackets are generally (300g to 340g) these are control rackets.

So which type of racket should you go for?

CONTROL RACKET

Plenty of control and feed back from the racket.

Would suit: Advanced players playing club team or tournament tennis Players with longer or full strokes. Players who have problems controlling the ball. Good adult sized juniors.

MID CONTROL/POWER

Nice mixture of power and control.

Would Suit: Club or recreational players who hit the ball reasonably well. Advanced players who need more power. Adult sized junior.

POWER RACKET

Very user friendly. Easy to serve with, volley with. Very easy on your body.

Would suit: Recreational players who have a short back swing.

Each Racket will have the following symbols to help you:

- W - Unstrung weight in grams
- H - Head size in square inches.
- B - Beam width in millimetres
- P - Tennis nuts power level

A modern take on classic feel. With a classic boxy beam and oval head shape combined with the modern, technical weaponry of EXO³ technology, the Rebel Series delivers the ultimate in control for tomorrow's future champions. With smaller head sizes, thinner cross sections and denser string patterns, these racquets give you the ability to carve up the court with laser like precision and control.

Power meets precision. You win points from the baseline and at the net. Your opponent doesn't know where you're going to come from next. You and your game need a racquet that's going to give you the kind of controlled power, insane spin and extra ball feel you need to attack your opponent from anywhere, anytime. The flexible, sleek racquets of the Tour Series are the perfect weapon for the modern control athlete.

Your best defense is a fierce offense. You don't tiptoe around on the court because your game is about one thing and one thing only: pure, raw, explosive power. Athletes who arm themselves with a Warrior Series racquet take their game right to their opponent by punishing the ball with screaming ground stroke winners, crisp volleys, and booming serves.

Speak softly, but carry a big stick. With the most advanced technical weaponry available, the Thunder Series delivers the ultimate in comfort and power. Lightweight design combined with a plush feel and the largest sweet spot in tennis ensure that players wielding these racquets never get pushed around the court.

Bolleé's COMPETIVISION® lenses act like a filter to mute the colour spectrum except optic yellow, making the ball pop out of the background. The frames include rubber nose pads and temple tips to provide ultimate comfort and security during active use. Bolleé's competition lens is so effective, they are the official supplier of sunglasses to Tennis Coach UK.

- In our opinion, this this the best value for money machine, as equivalent machines from one of the major nrandns can cost up to £5,000! Specifications: Six-point, suspension mounting system
 - True constant pull tensioning system
 - Linear ball bearing string gripper with drum
 - 10-90 pound (4.5-40.9 kilograms) tension range with 0.1 pound accuracy in both pound and kilogram scales
 - 360 degree swivel turntable with ball bearing device
 - Four slim diamond-coated, heavy-duty dual-action thumb-adjustable stainless steel swivel clamp (fixed clamps): 2 PN-1012 tennis clamps and 2 PN-1013 badminton and squash clamps
 - Handle any diagonal stringing (fan patterned frames)
- Features:**
- Digital electronic stringing machine with keypad and LED digital display Microprocessor controlled, electronic pulling and monitoring device eliminates any tension loss during pulling process.
 - Six-point, suspension mounting system provides 10-point maximum supports and eliminates any racquet distortion. Micro-adjustable head and throat mounting posts. 4 individually adjustable side-support arms (heavy-duty)
 - Padded K-shaped side supports. Padded head and throat mounting posts secure any frame (including deep V-shaped throats), no cosmetic damage to any frame.
 - All-metal Linear ball bearing string gripper with drum grips the string automatically. There is no string pull or muscle to use. Also no crimp or damage to any string. See operating procedures. Dual-action swivel clamps can move in any direction up and down; and can handle all types of racquets without extra accessories.
 - All-metal spring-assisted swivel clamp base: much easier to use and no muscle needed. Just need one-eighth turn to lock and release the base. See operating procedures. 360 degree racquet rotation with ball bearing device
 - 2 convenient tool trays: Top tool tray and front tool tray Convenient racquet holder. Machine base with level-adjustable pads. Tools: Allen wrenches - 6mm, 5mm, 3mm. Free stringing tools: 1 DP-507 diagonal cutter, 1 NP-500 needle nose pliers, 1 BS-809 tennis awl and 1 PN-3092 string mover
 - User's manual Free illustrated stringing tutorial guide: show you how to string racquets step by step. String all racquets: tennis, oversized tennis, widebodies, longbodies, fan patterned, squash, racquetball, and badminton. Easy to convert to table-top stringing machine; just need to remove the stand.
 - One hour training session with one of our stringers with every purchase of a stringing machine
