**SUMMER 2008**

**squashnuts.com**

**badmintonnuts.com**

**About us:**

We have always been a specialist business with in depth knowledge about all tennis, badminton and squash rackets. We have been in business for 18 years, and have been growing steadily to the point where we now have 2 stores, a mail order business and the most comprehensive racket sports website in Europe.

**MAIL ORDER HOTLINE: 0845 602 7062**

Free postage & packing on all orders over £70.

It is very easy to order online but you can always phone up to order.

**RETURNS: We strongly advice customers to send returns back using a secure method e.g.recorded delivery or similar as only items recieved back to our warehouse at:**

**AMT Sports Ltd, Unit 4, Olds Approach, Tolpits Lane, Watford WD18 9XT**

**ORDER ON-LINE SAFELY & SECURELY  
ONLINE ORDERS ARE GIVEN PRIORITY**

- Best Internet deals.
- Totally Secure & Reliable
- Easy navigation.
- Internet only offers.
- Lots of clearance Items.
- Most comprehensive stock in Europe.
- Website updated daily.
- Exclusive items.

We are one of the pioneers of sports shopping websites in the U.K. You can shop with confidence with us, as we are an integrated retail, mail order and website based business. We are not going to be here today and be gone tomorrow.

We have access to all the best deals that are available from all the major manufactures, who also routinely choose us for major product launches.

tennisnuts.com is a trading name of AMT SPORTS LTD, Company reg No. 6265021  
Reg. Office: Mandeville House, 45-47 Tudor Road, Harrow, HA3 5PQ

**VISIT OUR STORES**

tennisnuts.com

Have a look around; try a racket on our hitting wall. Our staff are extremely knowledgeable and all play at least one racket sport. We try all the rackets that we sell, so we know what we talking about.

**PLAY TEST AREA**

You can try both squash and tennis rackets at our Northwood store.

**RE-STRINGING SERVICE**

We have hundreds of strings in stock, including Babolat, Prince, Luxilon Big Banger, Technifibre, Ashway, plus our own brand Strings.

**RACKET TRIALS**

You can demo any racket from either store. The full purchase price is charged as a deposit for demos. Customers are responsible for frame breakages during the trial period, unless due to a manufactures fault. It is the customer responsibility to return the racket safely using a safe method.

**HOW TO CHOOSE A TENNIS RACKET**

Each of the manufactures has a different method of categorising rackets. We have simplified the whole process for you. We have given each racket a power level based on:

1. The speed of the ball off the racket- we have tested all the rackets.
2. The head size- the bigger the racket head the more powerful the racket.
3. Thickness of beam- the thicker the beam, the more powerful the racket
4. Weight of racket- Light rackets (225g to 280) is generally more powerful.  
 Medium rackets are generally (280g to 300g).  
 Heavy rackets are generally (300g to 340g) these are control rackets.

**So which type of racket should you go for?**

**CONTROL RACKET**

**MID CONTROL / POWER**

**POWER RACKET**

Plenty of control and feed back from the racket.

Would suit: Advanced players playing club team or tournament tennis  
 Players with longer or full strokes.  
 Players who have problems controlling the ball. Good adult sized juniors.

Nice mixture of power and control.

Would Suit: Club or recreational players who hit the ball reasonably well. Advanced players who need more power. Adult sized junior.

Very user friendly. Easy to serve with, volley with. Very easy on your body.

Would suit: Recreational players who have a short back swing.

Each Racket will have the following symbols to help you:

- W - Unstrung weight in grams
- H - Head size in square inches.
- B - Beam width in millimetres
- P - Tennis nuts power level

OPEN 2008

## nCore Technology

- Nanoparticles in the inner core make it more difficult for air to escape
- Increased durability and consistency
- Maintains pressure longer
- Balanced core for more consistent bounce

## New Wilson Australian Open Ball

- Thicker felt makes ball play more stable and solid

## AquaShield Felt - Davis Cup

- Before felt is even woven, fibers are treated in a chemical bath to become water resistant.
- Supreme play felt enhanced with AquaShield for moisture resistance

The new Pure Drive Series incorporates a revolutionary technology - "Cortex System". Whereas previously dampening systems have been targeted at game improvement and club racquets Babolat has engineered a unique vibration filter that maintains the positive feedback sought after by performance players yet eliminates undesirable vibrations that can lead to injury.

80% of all tennis movements are either lateral or diagonal. Footwork during this type of movement is critical to improved shot making. Exact technology enables quicker push off from recovery as well as faster & more efficient footwork during these movement phases.

Collaboration between the Babolat & Michelin Research & Development departments has resulted in a unique bi-sculptural solid rubber outsole providing the very best traction & durability for high level players.

Vibrakill is a cushioning device constructed from Rubber EVA. Placed in both the forefoot & rearfoot it uses two different thicknesses & densities to answer the specific cushioning and recovery needs created by tennis movements.

**FREE BAG OFFER**

While stocks last.

**BUY ANY 2 SATELITE COMET, PULSAR, NITRO OR SOLAR - SRP: £24.99**

**Pilot System** - 2 Elastomer strips are overlaid onto the top cap. This system provides the player with increased feel and grip security-It provides a natural reference point whilst driving, backhand serving & net play.

**Kevlar Bridge** - Kevlar is a very strong, dense compound which has been built into the bridge of the frame. Torsion on impact is limited to 3 degrees, thereby improving accuracy on all shots.

**Satelite System** - Conical grommets allow increased stringing movement offering added power, reduced string/frame friction thereby improving string life. The use of a stringing pattern (20/21) using no shared holes enables: - less string on string friction thereby improving string life.

**MORE POWER**

8% more power & increased slice due to less mains

World #1 in badminton.

**ARCSABER**

When the rally point system was adopted a year ago, the 'Speed' in badminton has been increased and all the players are very keen to excute power and more control. We are proud to announce this brand new racket which has the newly introduced technology.

**Material:**Cup Stack Carbon Nanotube

**New Frame Shape:**The new shaped frame will increase your swing speed and the durability. The air resistance is decreased by 3%.

**New Control Support Cap:** By sharpening the control support cap, it also helps to increase your swing speed. The area where your thumb contacts the grip is still maintained.

**New Built-in T-Joint:**The YONEX technology 'Built in T-joint' made the history of badminton racquets throughout the years. The new 'Built in T-joint' evolved 3% of face stability, and lightened by 24% itself.

**DuoMax** A proprietary ASICS system that consists of two different density midsole materials and designed to provide smooth over-pronation control.

**SpEVA** A Supreme midsole material that improves bounce-back characteristics and decreases midsole breakdown.

**GEL** The ASICS GEL System is based on a special kind of silicone that enables optimal shock absorption. GEL units are strategically placed in the midsole and designed to enable specific functions and positions.

**Trusstic System** A moulded component under the mid-foot area. Provides stability and, in combination with the contoured midsole, helps to control torsion.

**AHAR** ASICS high abrasion resistance rubber is a tough rubber compound used at the heavy contact areas of the outsole. Helps to reduce excessive wear.

**Personal Heel Fit** A special foam heel construction that guarantees a perfect fit around the wearer's heel.

OFFICIAL EYEWEAR OF **BTCA**

Bollé's COMPETIVISION® lenses act like a filter to mute all colours in the spectrum except optic yellow, making the ball pop out of the background. The frames include rubber nose pads and temple tips to provide ultimate comfort and security during active use. Bollé's competitivision lens is so effective, it's the official eyewear of the BTCA. Interchangeable lenses are offered on Swiftkicks and Warrant

Optical adaptor  
SRP: £24.99

Swiftkick Interchangeable Competivision Lens  
Available in Titanium

Optical adaptor designed so the wearer can wear prescription lenses with the Swiftkick. The adaptor can be fitted with the patient's prescription lenses in lightweight polycarbonate. The adaptor clips into the Swiftkick frame and gives the wearer the benefit of being able to change lenses depending on the weather or their sport. The adaptor clips behind the tough shatterproof Swiftkick lenses which will also protect the patient's prescription lenses.

**REBOUND LADIES TENNIS RACKET**

"You can now have both performance and great looks in a tennis racket. The Rebound has been designed for the active woman with a modern look far away from the basic chain store choice of dull red or blue less capable rackets.

Step up to the Tecnifibre funky Rebound and get noticed for your good looking and performance topping equipment."

**EXCLUSIVE AT TENNISNUTS.COM**

**CENTRING 3800T - Tabletop electronic machine**

**£599.00**

**COMPLETE WITH TOOLS FREE DELIVERY TO U.K. MAINLAND.**

**SPECIFICATIONS:** • Six-point, suspension mounting system • True constant pull tensioning system

Σ All-metal diamond-coated, Linear ball bearing, rotational string gripper • 11-90 pound (4.5-40.9 kilograms) tension range • 360 degree swivel turntable • Two slim diamond-coated, heavy-duty dual-action thumb-adjustable stainless steel swivel clamp (fixed clamps): 2 PN-1012 tennis clamps • Handle any diagonal stringing (fan patterned frames)

**Features:**

Σ Digital electronic control panel with keypad and LCD digital display  
1. Microprocessor controlled, electronic pulling and monitoring system provides the precise tension control and also displays the actual pulling tension.

2. Multiple speed settings for fast and slow pulls

3. Pre-stretch option provides 5% or 10% pre-stretch over the set tension.

4. Knot over-tensioning option increases the current tension by 10%. This design is to reduce the amount of tension lost when tying off.

5. Two programmable tension memory bank

6. Self-test diagnostic feature

7. Unique power selection switch for the desired voltage 100/110V or 220/240V.

8. Power input with fuse protection • Six-point, suspension mounting system provides 10-point maximum supports and eliminates any racquet distortion. • Micro-adjustable head and throat mounting posts, very easy to adjust. • 4 individually adjustable shoulder-support arms (heavy-duty) • Padded K-shaped side supports • Padded head and throat mounting posts secure any frame (including deep V-shaped throats), no cosmetic damage to any frame. • Linear ball bearing string gripper: there is no string pull or muscle to use. Also no crimp or damage to any string. Easy fingertip to activate the tension pull. See operating procedures. • Dual-action swivel clamps can move in any direction up and down; and can handle all types of racquets without extra accessories. • 2 slim diamond-coated, thumb-adjustable stainless steel swivel clamps (PN-1012). Stringing has never been as easy and efficient as it is now with the Eagnas thumb-adjustable clamp. • All-metal spring-assisted swivel clamp base: much easier to use and no muscle needed. Just need one-eighth turn to lock and release the base. See operating procedures. • 360 degree racquet rotation • Convenient tool storage area • Machine base with level-adjustable pads • Height adjustable, easy to adjust and string in a more relaxed posture • Tools: 1 6mm Allen wrench, 1 5mm Allen wrench, 1 3mm Allen wrench • Free stringing tools: 1 DP-507 diagonal cutter, 1 NP-500 needle nose pliers, 1 BS-809 tennis awl, and 1 PN-3092 string mover • User's manual • Free illustrated stringing tutorial guide: show you how to string racquets step by step • String all racquets: tennis, oversized tennis, widebodies, longbodies, fan patterned, squash, racquetball, and badminton. • Easy to convert to table-top stringing machine; just need to remove the stand.

**1 year manufacturers guarantee**
